Dr Signe Altmäe and Dr Alberto Sola Leyva represent the Repro-UGR group at the SEF

24/05/2023

The SEF National Interest Groups Meeting took place on 18–20 May 2023 in Almería. Dr Signe Altmäe was a member of the Reproductive Genetics Interest Group and Dr Alberto Sola Leyva was a member of the Young Researchers' Interest Group. Experts in the field of human reproduction from across the country took part in the meeting. They highlighted new developments and shifts in the field's paradigm. Next year, the SEF National Interest Groups Meeting will continue in La Coruña.
